OUR CIRCULATION.

WE mean to keep the following paragraph standing for the benefit of all whom it may concern: ADVERTISING .- We would commend the following facts to the attention of the advertising community. The "Wilmington Journal" circulates upwards of 12 Warrensville, Isaac Bailey's mill, J. K. Thomp- perville, to P. ewton Court House. of Wilmington is as large as that of any other paper pub. shore, in said county. lished in the place. We would further state that its circulation in the counties which trade to this place is dlesex, in said county. THREE TIMES as large as that of any other paper published in North Carolina, and that its list is daily increasing. We say, therefore, without the fear of contradiction, that it is the best vehicle for advertising which the people of Wilmington can select. One other observation We think, that although a large majority of the readers | Gap, in Huntington county. of the "Journal" are Democrats, still THEY occasionally do a little trading, as well as the readers of the whig papers. We have written the above merely for the information of those who are most deeply interested-business men of all professions and all political creeds-WHO WANT CUSTOMERS.
